REMARKS

25X1X

On 6 June 1951, the two Artillerie Kasernen on Berliner Strasse, Prenzlan (N 21/Q 14) were occupied by only guard details totaling about 100 soldiers who wore red-bordered black epauletts. The only officers observed were one captain and one lieutenant. There was no training activity or vehicular traffic. Several barracks buildings were being repaired. *

25X1A

* Comment. The headquarters units of the Fourth Cds Weiz Army and the components of the 25th Tank Div from the two installations moved to the Templin troop training grounds on 13 and 14 April 1951. See
